VOTING IN THE 2020 PRIMARY RUNOFF & SPECIAL ELECTION

Texas Voter ID Rules
VOTERS MAY USE ONE OF SEVEN (7) FORMS OF PHOTO ID, LISTED BELOW.
Note: IDs may be expired up to four years. For voters age 70 or older, no limit on expiration of ID. The ID address does not have to match the voter registration address.

- Texas driver license
- Texas Election Identification Certificate (EIC)
- Texas Personal Identification Card issued by DPS
- Texas license to carry a handgun issued by DPS
- U.S. military identification card containing the person’s photograph
- U.S. citizenship certificate containing the person’s photograph
- U.S. passport (book or card)

Registered voters without photo ID, who cannot reasonably obtain one, may sign a Reasonable Impediment Declaration form and present the original or a copy of one of the following documents with the voter’s name and address to vote a regular (not provisional) ballot.
- Texas voter registration card
- Certified birth certificate
- Current utility bill
- Bank statement
- Government check
- Paycheck
- Any other government document such as an out of state driver license or expired Texas driver license.

Where to Vote
In both Travis and Williamson counties, you may vote at any polling place in your county during early voting and on election day.

“Vote Here” signs mark locations. Locations are also available at the two county voter information websites:
- Travis www.VoteTravis.com
- Williamson www.wilco.org/elections

Locations, days, and times vary for Early Voting (June 29–July 10, except July 3 and July 4). All polls open on Election Day will be open 7:00 a.m.–7:00 p.m.

When voting in person you may bring a printed Voters Guide into the voting booth! Use of electronic devices is prohibited.

What Is a Primary Election?
Primaries are state-level elections that take place prior to a general election (November 3, 2020). Texas utilizes an open primary system. At the primary (March 3, 2020), a voter may choose which party primary ballot (Republican or Democratic) to vote on. Minor parties do not hold primaries; their candidates for the general election are chosen in county and state conventions.

The voter must pledge that they will not vote in another party’s primary or convention that year. You may also vote in the primary runoff election (July 14, 2020), but it must be for the same party you chose to vote in for the primary. If you vote in one party’s primary, you do not have to vote for that same party or same candidates in the general election (November 3, 2020).
LEAGUE OF WOMEN VOTERS VOTERS GUIDE

ABOUT THIS GUIDE
This Voters Guide is funded and published by the League of Women Voters of Texas and the League of Women Voters Austin Area. We invite each and every candidate in competition for office to provide information. We list the names of unopposed candidates, but do not send them questionnaires.

Political affiliations are abbreviated as follows: (R) Republican Party, (D) Democrat Party, (L) Libertarian Party, (G) Green Party, (I) Independent.

This Voters Guide and other educational League materials are funded by member and supporter donations. Donations may be made through the website at LWVAustin.org. Donations enable us to print and distribute more Guides and to offer translations into Spanish and other languages. As LWV-AA is a 501(c)(3) charitable organization, each donation is acknowledged, appreciated, and deductible to the extent allowed by law.

VOTE411.ORG
More information about the candidates can be reviewed by visiting VOTE411.org, a one-stop online resource for upcoming elections made possible by the League of Women Voters Education Fund. Simply enter your address to find your polling place, build your ballot with our online Voters Guide, compare candidates side by side, and much more. Answers from candidates who didn’t respond by the print deadline may be available online.

HOW THE LEAGUE GATHERS CANDIDATE INFORMATION
To compile the Voters Guide information, the League of Women Voters Austin Area sends questions to all candidates in contested races. League members verify accurate contact information provided by various election entities and the Texas Secretary of State.

The League formulated all questions asked with some input from the public. Candidate replies are printed without editing or verification of content. Due to space restrictions, candidates are given strict word limits. The form into which they enter answers prohibits them from violating the limit. Candidates are also asked to avoid negative references to their opponents. We reserve the right to redact portions of responses that are offensive. Those appearing without a photo failed to submit one. Candidates must submit answers by the deadline provided in order to be included in the printed version. Answers on VOTE411.org may be updated after the deadline.

YOU MAY BRING A PRINTED VOTERS GUIDE INTO THE VOTING BOOTH!
Mobile electronic devices are prohibited in the voting booth, but the law allows you to take a printed Voters Guide with you. You can also use the interactive version online at VOTE411.org to print your choices to take with you.

ABOUT THE LEAGUE
The League of Women Voters Austin Area is a grassroots, ALL-VOLUNTEER organization promoting informed and active participation of citizens in government. Since 1919, both LWVTX and LWV-AA have helped voters cast an informed vote when going to the polls. No League organization supports or opposes any political party or candidate.

As a nonpartisan organization, the League believes that all of us are stakeholders in making democracy work. We offer informative programs concerning important public policy issues, organize and offer voter registration efforts, engage in get-out-the-vote projects, work with local area schools and universities to promote civic participation, and conduct fair and open candidate forums.

LWV VISION STATEMENT
We envision a democracy where every person has the desire, the right, the knowledge and the confidence to participate.

LWV MISSION STATEMENT

... MADE POSSIBLE BY YOU!
The Voters Guide is made possible by the generous donations of members and supporters. We gratefully acknowledge major contributions from:

We especially thank those who provided reduced prices and made in-kind contributions of services and goods.

Williamson County announces the formation of a new local League: the League of Women Voters Wilco (LWV Wilco)
On September 3, 2019, LWV Texas President Grace Chimene approved the formation of a new League for a rapidly growing area of Central Texas. The League’s history in Texas now spans one hundred years, and its first President was Williamson County resident Jesse Daniel Ames. Therefore, the history of empowerment of voters and defending democracy has come full circle in Williamson County with formation of this new League. LWV Wilco encourages anyone wishing to support this newly established league to attend one of its monthly meetings held the 3rd Monday of each month at 6 p.m. Visit our website at http://www.lwwwilco.org for additional information and resources.
Mary “MJ” Hegar (D)

**Background:** I’m a combat veteran and working mom who understands the challenges facing Texas families and has never backed down from standing up for what’s right. I served 3 tours in Afghanistan as a medevac pilot, receiving the Purple Heart and Distinguished Flying Cross with Valor, and built a bipartisan coalition to open hundreds of thousands of jobs to women in the military.

**Education:** B.A., University of Texas at Austin, 1999; AFROTC Detachment 825; E.M.B.A., University of Texas at Austin, 2016

**Website:** http://www.mjfortexas.com

**Facebook:** https://www.facebook.com/MJForTexas/

**Video:** https://youtu.be/bIyhz6fPaga

**Q1.** What are your recommendations to improve the immigration system?

**A1.** We need to permanently end child separation, ensure asylum claims are properly processed, secure the border with effective procedures and technologies instead of robbing our military and seizing land from Texans to waste billions on an ineffective wall, and build a path to citizenship for undocumented residents that reflects our core values as Americans.

**Q2.** What legislation would you support to address access to and cost of healthcare?

**A2.** We must pass common-sense gun safety legislation to require background checks on every single gun sale, stop the sale of assault weapons, pass red flag laws and close the “boyfriend loophole” to block access to firearms for domestic abusers, and strengthen laws preventing gun trafficking. I am also calling for state and local officials to end open carry.

**Q3.** What do you recommend to curb gun violence in our country?

**A3.** We must pass the Bipartisan背景: I am a dad, doctor, and advocate. He serves as an unmatched depth of knowledge about the legislative process.

**Education:** University of Texas at Arlington, BA, MA University of Houston, JD

**Website:** http://roycewest.com/

**Facebook:** https://www.facebook.com/RoyceWestTX/

**Q1.** What are your recommendations to improve the immigration system?

**A1.** First, we have to dramatically increase the number of judges available to hear asylum cases. Second, we need to pass DACA and get the Dreamers back on solid ground. Third, we need comprehensive immigration reform to simplify the process and give everyone here without citizenship a path to it if they want it.

**Q2.** What legislation would you support to address access to and cost of healthcare?

**A2.** I would support strengthening the ACA with a public option. I do not believe nationalizing insurance is the best path forward.

**Q3.** What do you recommend to curb gun violence in our country?

**A3.** I am for restoring the ban on assault rifles and instituting a ban on magazines that hold more than 8 rounds. I support a national background check system that closes all loopholes, even individual sales.

**Q4.** What other issue is your highest legislative priority and what do you propose to address it?

**A4.** I believe criminal justice reform, a woman’s right to choose, equal pay for women, student debt relief, and employment non-discrimination will be key issues in the next session. I favor a multitude of criminal justice reforms, favor a woman’s right to choose, support equal pay for women, support a comprehensive student debt relief program, and will vote to pass ENDA.

**Q5.** What further government response, if any, is needed to address the health and economic crisis caused by COVID-19?

**A5.** We have to provide adequate no-cost testing, give frontline workers the tools to fight the pandemic and stay healthy, and provide paid sick leave for workers. Economically we have to support Texans who are out of work or underemployed, and support small businesses, especially minority-owned ones. And lastly we need leaders who put the mission first and politics aside.

Rooyce West (D)

**Background:** I have been a practicing attorney for more than 40 years and I’ve owned my own practice for 25 years. I know what it takes to own and operate a business. I have also served in the Texas Senate since 1993 which gives me an unmatched depth of knowledge about the legislative process.

**Education:** University of Texas at Arlington, MA University of Houston, JD

NATIONAL U.S. REPRESENTATIVES

DISTRICT 10
Pritesh Gandhi (D) (continued)

ominants of health: a child with asthma living in a rental home with mold needs a “health in all policies” approach.

A3. After the Sandy Hook Elementary shooting I started a group, Doctors for Gun Safety, & organized statewide to focus on bi-partisan solutions to gun violence. First, we pass universal background checks & closure of the gun show loophole. Second, extreme risk protection orders (red flag laws) need to be passed. Third, legislation should ban public ownership of weapons of war and high capacity magazines. Fourth, we end gun industry immunity. Last, we rebuild our frayed social & neighborhood fabric.

A4. Campaign finance reform. Money corrupts the political process & makes it virtually impossible to elect candidates that are focused on the good of the people & unencumbered by the influence of corpora-

nities & special interest groups. Our system is built to serve the wealthy & the bought, which fundamentally conflicts with both the spirit & the foundation of our democracy. We must implement caps on campaign spending to level the playing field & give marginalized communities a seat at the table.

Mike Siegel (D)

Background: For 21 years I’ve served the people: first, as a public school teacher and teachers’ union organizer, and more recently as a civil rights lawyer and Austin city attorney.

Education: B.A., Comparative Literature, Brandeis University; Teachers’ Credential, Cal. State University-Hayward; J.D., Corn

ell Law School

Website: http://www.siegelfortexas.org

Facebook: http://www.facebook.com/siegelfortexas

Video: https://youtu.be/WH5JPCul4YE

A1. Let’s start with the premise that every human being deserves respect and dignity, that families belong together, and that America will fulfill the values represented by the Statue of Liberty. We must end family separation and the Trump regime’s attacks on asylum seekers. We must establish a path to citizenship for undocumented residents. And we need a dramatic overhaul of our system, so we can fairly process migrants and meet the needs of our economy while respecting human rights.

A2. I support Medicare for All. Medicare for All will provide comprehensive healthcare that is free at the point of service with no co-pay or deductible. Everyone will be able to select their own doctor, specialist, and hospital without worrying about “in network.” In TX-10, rural hospitals are closing, tens of thousands lack care and thousands more are at risk of bankruptcy in the event of a medical crisis. Medicare for All will keep hospitals open and families solvent while saving countless lives.

A3. We need a two-pronged movement to curb gun violence. First, we must demand the passage of popular, common-sense gun reforms that will save lives, including universal background checks, “red flag” laws, and an end to the sale of assault rifles. And second, we must demand major campaign finance reform, to ensure that gun manufacturers acting through the NRA cannot buy our elected officials and overrule the will of the American people. I will never accept a dime from the NRA or corporate PACs.

A4. Climate change may be the biggest threat to human life, and represents an issue where TX-10 can be a national leader. Here, a coal plant and fracking are poisoning the drinking water for dozens of counties, and Houston is recovering from its fifth “500 year flood” in five years. I am fighting for a Green New Deal that create millions of jobs in a sustainable economy, end reliance on fossil fuels, provide a just transition for fossil fuel workers, and remedy the legacy of environmental pollution.

DISTRICT 17

Pete Sessions (R)

Background: Born and raised in Waco Eagle Scout Lifetime member, NRA Member, First United Methodist Church U.S. Congressman, 1996–2018 Chairman, National Republican Congressional Committee

Education: Graduate, Southwestern University in Georgetown, Texas 1978

Website: http://petesessions.com

Facebook: http://www.facebook.com/petesessions/

A1. Increase border security funding; Crack down on criminal illegal aliens in sanctuary cities; Establish mandatory minimum sentencing for criminal illegal aliens; Protect communities from criminal illegal aliens; and require U.S. employers to use E-verify in hiring.

A2. Please see my bill from 2017 HR 1275 the World’s Greatest Healthcare Plan. [Portion of response removed; does not meet criteria.]

A3. I support funding for training and school safety programs, and also for providing resources and training to protect students and prevent violence on school campuses.

A4. Pete Sessions will strongly oppose the Socialist Democrats who want more control of our lives. I am a strong defender of our second amendment freedom, and will protect our gun rights. A faithful Christian, I will defend religious freedom. When in Congress, I led the campaign for Republicans to take over the House and remove Nancy Pelosi as Speaker, and want to work to restore the Republican majority in Congress once again. Finally, I have a proven record of supporting President Donald Trump.

Renee Swann (R)

No Response Received

David Jaramillo (D)

Education: Bachelor of Science Psychology, Minor in Criminal Justice at Tarleton State University.

Website: http://jaramilloforcongress .com/

Facebook: http://www.facebook.com /DavidJaramilloforCongress/

Video: https://youtu.be/Z3UAMOF74b4

A1. We need to close for profit detainment centers. We need to double the number of immigration judges to speed up the process for asylum applications. Asylum seek-

ers should not be turned away at the border. Rather, they should be issued temporary visas until their case can be heard. We need to provide a faster pathway to citizenship by hiring more federal employees. All DACA recipients should be granted the citizenship they have long been owed.

A2. We need a system that allows everyone to see a doctor. People are waiting until it’s too late to seek medical care due to the high cost of healthcare. By covering everyone, we would drastically cut costs, thus improving the proliferation of healthcare. We need to implement Medicare for All in stages in order to have a safety net for the American people, thus making it harder to dismantle should political opponents attempt that in the future. We need a low cost standard across all avenues.

A3. We must stop the sale of assault-style weapons. We need background checks to keep weapons out of the hands of people who want to do harm. Furthermore, we should hire more security for schools to protect our children. This will keep schools safer and create jobs. People who are convicted of domestic violence charges should be permanently barred from obtaining weapons. All gun owners should be required to pass a licensure course similar to that administered to those who wish to concealed carry.

A4. We need V.A. healthcare and benefits reform. We need to hire more doctors at the V.A. in order to stay within a manageable doctor to patient ratio. We need to contract with doctors out of school for a seven-year contract that will allow for full student loan forgiveness. This will increase the doctors we have on hand at the V.A., as well as help new doctors gain experience in their field. Bringing more doctors into the V.A. will make it possible to open more clinics in rural areas.

Rick Kennedy (D)

Background: A software engineer for more than three decades, Rick Kennedy proudly claims a STEM background. His son attends Baylor and his two daughters go to Round Rock public schools.
NATIONAL U.S. REPRESENTATIVES

DISTRICT 17

Rick Kennedy (D) (continued)

Education: Rick graduated from Burlington (MA) High School in 1980. He earned a Bachelor of Science degree in Computer Science from The Pennsylvania State University in 1984.

Website: http://www.RickKennedyforCongress.com
Facebook: http://www.facebook.com/RickKennedyforCongress
Video: https://youtu.be/Ec8ROAKkqrM

A1. We must stop political posturing and devise a broad revision of our immigration system that meets our economic needs, addresses security, and reflects our values. Such a plan starts by treating asylum seekers with respect and processing claims in a timely manner. We also must secure our borders and ports of entry with technology and human resource-based solutions. Finally, we need a path to citizenship for undocumented residents who have lived here for 10+ years that focuses on security.

A2. I support the Medicare for America Act of 2019. It is the appropriate next step in health care because it achieves universal coverage, especially important in rural areas where the uninsured rate is high. It will not eliminate private insurance. It provides relief from the threat of medical bill-induced bankruptcy - the leading cause of personal bankruptcy in the US. At the same time, it addresses uncompensated care for hospitals. Lastly, it empowers Medicare to negotiate drug prices.

A3. Saving American lives should not be an issue subjected to partisan bickering. I am happy to see that Congress recently appropriated funds for gun violence research. As an engineer, I want to implement policy based on facts. I support better background checks (as do 90% of voters) and banning gun ownership for convicted domestic abusers. I also support the Second Amendment. My goal is to reduce gun violence without infringing on Second Amendment rights of lawful gun owners.

A4. Our current political environment is a symptom of the corrupting influence of money in our politics. I’ve rejected corporate PAC contributions to my campaign, and in Washington I’ll support H.R. 1 to over-turn Citizens United and end corporate PAC contributions to federal candidates. I believe it is the best way to restore honor and leadership to Washington and the US Congress.

DISTRICT 31

Donna Imam (D)

Background: NW Austin TX31 resident for almost 14 years. 18+ year career in tech and business. Former president of 4000+ member non-profit that provides free training and education.

Education: Master of Science in Electrical and Computer Engineering, Purdue University; State of Indiana Bachelor of Science in Electrical Engineering, Trine University, State of Indiana

Website: http://www.votefordonna.com
Facebook: http://www.facebook.com/donnaimamTX/
Video: https://youtu.be/QQyR9ht16_o

A1. Humane treatment of all refugees and asylum seekers. End the child separation policy and close the detention camps. Fair and swift resolution of all immigration cases including employment and family based cases. Immediate path to citizenship for Dreamers and DACA recipients. Provide legal path for undocumented immigrants to come out of the shadows. Require employers to pay immigrants the same wages as U.S. citizens to prevent abuse of low-wage immigrants and discrimination of American workers.

A2. End private insurance and adopt a single payer healthcare system that covers the millions of uninsured. Accelerate coverage by scaling the healthcare infrastructure. Add more providers, nurses, and primary care physicians to catch issues early instead of at the ER. Negotiate lower prescription drug prices. These policies lower the cost of healthcare drastically, give everyone coverage, generate hundreds of thousands of jobs, keep providers private, and eliminate private insurance waste.

A3. Handguns account for the majority of all gun violence. Majority of all gun-related deaths are suicides. Mandate universal background checks for all gun sales and close all loopholes. Require periodic mental health checks. Require registration and training for owners of all semi-automatic weapons. Registration will be enforceable at the point of sale of any firearm, ammo, or accessory. This will keep gun owners accountable, promote safety, and save lives.

A4. Education for All proposes debt-free education for trade school, college, or any higher education. It launches a program similar to the GI bill that reimburses graduates pursuing in-demand fields such as teaching, social-work, mental health, technology and family medicine. It also reimburses graduates that make a commitment to serve in rural or under-served communities. It puts an immediate halt to the student-loan crisis by giving people the ability to reduce or eliminate their student loans.

Christine Eady Mann (D)

Background: I’m a physician in Cedar Park, TX with 30 years in healthcare. I’m the daughter and granddaughter of veterans; a wife; mother; and was a small business owner for 11 years.

Education: I attended the University of Texas-Arlington for Microbiology. As a single mom, I attended the Texas College of Osteopathic Medicine at the University of North Texas HSC.

Website: http://christine4congress.com
Facebook: http://www.facebook.com/Christine4Congress
Video: https://youtu.be/79KIdghnlIc

A1. We must begin any discussions of immigration by acknowledging the human beings involved. We must change the immigration system so we don’t create obstacles of oppression but efficient pathways to citizenship for all; passing the Dream and Promise Act for Dreamers, those under TPS/Deferred Enforced Departure; ending the dishonorable practice of deporting U.S. Armed Forces veterans & allowing all to return; ensuring the right to counsel for unaccompanied minors; and more.

A2. Access to healthcare is a human right. To ensure access & lower prescription drug costs, we must enact Universal Coverage as quickly as possible. I’ve advocated for this system since 2009, with a transitional approach that minimizes harm to the economy & workforce while rapidly bringing coverage to those most at risk. This would include lowering the Medicare eligibility age to 55; automatically enrolling all newborns; then lowering Medicare eligibility incrementally so all Americans are covered.

A3. As a gun owner, I support the Second Amendment and understand many Americans have a need and right to own firearms. But it is past time for us to act. We need universal background checks on all gun transfers, restoration of the assault weapons ban, close loopholes that allow non-spousal domestic abusers to obtain weapons and outlaw bump stocks; repeal the Dickey Amendment and restore full funding to the CDC for study of this public health crisis to enact additional measures to protect lives.

A4. Our criminal justice system is broken, and is home to the world’s largest prison population. My priority is to reform this system to provide all citizens equity and justice. That means ending our reliance on private, for-profit prisons; legalizing marijuana/ex-punging the records of those previously & currently incarcerated; investigating all fatal police shootings with transparency to ensure accountability, and diverting mental health emergencies to mental health first-responders, not police.

DISTRICT 35

“Guillermo” William Hayward (R)

Education: Masters Degree in Leadership, gcu.edu; Masters of Electronics Engineering asu.edu; Start Masters in Christian Leadership gcu.edu

Website: http://haywardforcongress.wordpress.com/
Facebook: https://www.facebook.com/HaywardforCongress

A1. 1. Finish Building the Border wall.
   2. Round up all criminal illegal-migrants.
   3. Once the border is secure and no more illegal entries then give Dreamers pathway to
“Guillermo” William Hayward (R) (continued)
citizenship. 4. All illegals must register with US immigrations for background Checks and pathways for a green card. 5. Anyone found not registered or comes to the USA after Border will is finished must be fingerprinted deported. 6. Remove cross Border Birthrights. 7. Change Amistety Laws, use a merit system
A2. Amy Healthcare system must be a capi-talistic based system. Not Socialistic, Com-munist, or US Government Controlled. In-surance Companies must be able to compete with each other to get the best prices. I can not be mandatory. SS and Medicare provide should also be able to compete.
A2. Review and update provisions to allow development, reduction of waste while pro-tecting the environment. Ensure that the public has notice of development and impact-ful changes in their area and opportunity to submit input on the proposals. Study cost effective methods to reduce flaring in order to reduce waste and increase access to pipelines.
A3. Monitor the relationship between drilling and seismicity and support innovation in drilling processes including the use of water in fracking. Encourage the use of alternative fuels. Review agency processes for award of contracts, compliance with HUB and diver-sity in hiring at all levels. Monitor practices in the field to increase worker safety.

CHRISTA CASTANEDA (D)
Background: I am an engineer, oil and gas attorney, community organizer and mom, with over 30 years of experience working in and around the oil and gas indus-try. I know both the law and the business of oil and gas and will work tirelessly to get the Railroad Commission back on track in enforcing our environmental protections and safety regulations.

STATE RAILROAD COMMISSIONER

Q1. What are your recommendations relating to regulation of pipelines?

Q2. How do you plan to balance oil, gas, and mining interests with protection of natural resources?

Q3. What other issues do you believe will be most pressing for the Railroad Commission?

A1. The Legislature should enact laws to en-sure that regulation of pipelines is mean-ingful. An application for a permit should require comprehensive information regard-ing routes, economic, environmental and historical impact, and not based on a sim-ple form. The exercise of Eminent Domain should be fair to all. Monitor compliance with rules and regulations by industry.

A2. Review and update provisions to allow development, reduction of waste while pro-tecting the environment. Ensure that the public has notice of development and impact-ful changes in their area and opportunity to submit input on the proposals. Study cost effective methods to reduce flaring in order to reduce waste and increase access to pipelines.

A3. Monitor the relationship between drilling and seismicity and support innovation in drilling processes including the use of water in fracking. Encourage the use of alternative fuels. Review agency processes for award of contracts, compliance with HUB and diver-sity in hiring at all levels. Monitor practices in the field to increase worker safety.

CHRISTA CASTANEDA (D)
Background: I am an engineer, oil and gas attorney, community organizer and mom, with over 30 years of experience working in and around the oil and gas indus-try. I know both the law and the business of oil and gas and will work tirelessly to get the Railroad Commission back on track in enforcing our environmental protections and safety regulations.

A2. We must enforce existing laws prohibit-ing flaring, the harmful practice of burning natural gas. It wastes our natural resources, takes revenues away from our state and causes environmental and health concerns. I will use my expertise to deploy alternative technologies that will reduce the amount of flaring, convert it to usable electricity and clean up our air.

A3. We need to reduce harmful methane emissions. Methane escapes through leak-age, aging equipment, and intentional vent-ing, which is against the law. I will improve the detection and enforcement programs. We can use drones equipped with infrared cameras to detect leaks. Education can im-prove prevention and we will need to better enforce existing laws.
**STATE BOARD OF EDUCATION**

**Q1.** What would you recommend to better prepare students for their civic responsibilities?  
**A1.** Every Texas high school student should read Roger Stone’s book “The Man Who Killed Kennedy: The Case Against LBJ” as well as Daniel Hopsicker’s “Barry and the Boys” which is about the murder of CIA drug smuggler Barry Seal by GHW Bush and Oliver North. Also, I would make Nick Bryant’s book The Franklin Scandal mandatory reading for all high school seniors.  
**A2.** Mandatory statewide testing should be eliminated. Let local school districts decide how they want to test student.  
**A3.** It is a complete joke. The taxpayer is being screwed over yet again by judges acting like legislators. I am for ending Robin Hood and replacing it with nothing. Poor school districts can put up GoFundMe accounts.  
**A4.** I think that high school students should be offered elective classes on the safe use of AR-15s. I think all high school senior girls should be offered spring semester elective classes on pole dancing and twerking. I say only girls for those classes because it would too homo for the boys. They need to be playing sports and learning team work.  

**Lani Popp (R)**  
**Background:** I have spent my life serving Texas students, including working 17 years in public schools (four in inner city schools) and 11 years in private school. I am a passionate champion for children with autism, with expertise in social communication deficits.  
**Education:** BS Education Baylor University  
**Website:** http://Lanipopp.com  
**Facebook:** https://www.facebook.com/votelanipopp/  
**A1.** I believe students should have civics in their junior year in high school. Many students are 18 during the fall of their senior year and civics classes are often taught the spring of their senior year. This does not give them an adequate understanding of how our government operates and the freedoms and privileges given to them by our constitution when they vote. I believe students should have to demonstrate competence in this area by answering questions from our citizenship test.  
**A2.** I believe a standardized test is not the best way to judge a person’s knowledge or abilities. On any given day a student may not be able to demonstrate what they know due to family problems, sickness, exhaustion or even hunger, to name a few factors. Also many students with disabilities (high functioning autism, ADHD, students with anxiety, etc) may be brilliant but not demonstrate that on a test. We need to make sure we are testing basic skills, but we need to look at more than just a test.  
**A3.** We need to adequately fund schools, but also need to expect transparency and accountability from school districts. We should be careful not to impose unfunded mandates on districts, even well meaning ones. We need to understand that rural and urban schools have different needs that may require different funding strategies. Education of our Texas students is an extremely important priority.  
**A4.** I believe setting curriculum standards is the most important job for the State Board of Education. I believe Curriculum standards need to be historically and scientifically accurate and age appropriate.

**STATE TEXAS SENATE**

**Q1.** What changes do you support, if any, to ensure fair and impartial redistricting?  
**Q2.** What legislation would you support to address access to and cost of healthcare?  
**Q3.** What do you recommend to curb gun violence in our state?  
**Q4.** What other issue is your highest legislative priority and what do you propose to address it?  

**DISTRICT 14 SPECIAL ELECTION**  
**Don Zimmerman (R)**  
**Background:** First geographically elected member of the Austin City Council for District 6, longtime taxpayer advocate and elected GOP precinct chairman and delegate, husband and father.  
**Education:** Zimmerman earned a B.S. and M.S. in mechanical engineering from Texas A&M University. He also studied engineering at Texas Tech University.  
**Website:** http://TexansForZimmerman.com  
**Facebook:** https://www.facebook.com/TexansForZimmerman/  
**A1.** Returning the power to the Texas Legislature and not an un-elected federal bureaucracy is a great step. Recent innovations in sharing proposed maps via the Internet have helped tremendously. We still need more transparency in the process — too many behind-the-scenes deals are made to ...  
**A2.** I would support any bill that returns health care to its rightful place as a free market service. The more government bureaucrats at any level attempt to control health care professionals, the more the cost for care services, hospital visits, and prescription drugs continue to skyrocket.  
**A3.** Pass Constitutional carry. Guns save lives.  
**A4.** My office will draft and/or enthusiastically support existing legislation to give voters the power to replace city zoning and rezoning efforts, which would also empower residents to vote on community-drafted deed restrictions. Other priorities include building new roadways and curbing runaway local government debt and taxation.

**Sarah Eckhardt (D)**  
**Background:** Travis County Judge; Travis County Commissioner, Pct. 2; and Assistant Travis County Attorney  
**Education:** Master of Public Affairs, LBJ School; JD, UT Law; and BA in Theater, New York University  
**Website:** http://sarahheckhardt.com  
**Facebook:** https://www.facebook.com/SarahEckhardtAustin/  
**A1.** I’ve been directly involved as a client in lawsuits over the 2005, 2011 and 2013 redistricting. As a County official I worked closely with lawyers directly involved in arguing the cases. Next year, we’ll be working under the same system that has served us so
partners with and influencers of private hospitals must support public hospital districts as we pay for it and we should take it. The State will have a full plate next year. The State will have a full plate next year.

A2. Texas must accept Medicaid expansion. We pay for it and we should take it. The State must support public hospital districts as partners with and influencers of private hospitals so that we can weed out inefficiencies and hold down costs. Texas must provide a public health safety net across the state. The health care infrastructure of Austin/Travis County has been forced to compensate for the state’s failure to invest in access to rural healthcare in communities like Smithville and Webberville.

A3. My son is a hunter. He doesn’t need a bump stock or a semi-automatic to shoot a deer. And if he should ever suffer a mental illness that makes him a danger to himself or others, his parents and his friends should be able to rely on public safety and health care professionals to take his rifles from him until he recovers. I will advocate for sensible restrictions on all gun ownership and a ban on ownership of any weapon designed for mass killing.

A4. The State will have a full plate next year. I’ll work hard on the battle against the coronavirus, protecting public schools from budget cuts and preserving our air and water. My long term goal is to bring greater fairness to our criminal justice system. The sword of justice is heavy and sharp and should be used judiciously. I plan to strengthen protections for sexual assault victims, limit incarceration to individuals who are a danger to the public and increase access to mental health services.

Eddie Rodriguez (D)
Background: State Rep. Eddie Rodriguez (HDS1) has dedicated his career in public service to expanding opportunity and ensuring equal rights for communities in Southeast Austin/Travis Co.

Education: B.A., University of Texas at Austin - 1995 J.D., UT Austin School of Law - 2008
Website: http://www.eddiefortexas.com
Facebook: https://www.facebook.com/EddieforTexas
A1. I believe that our electoral system must empower voters to choose their elected officials, not the other way around. I support efforts to replace Texas’s current system with an independent redistricting commission such as would have been accomplished by State Rep. Donna Howard’s HB 369 (86R) if it were passed and voters approved the enabling constitutional amendment (HJR 32).

A2. First, I believe that Texas expand Medicaid immediately in order to provide coverage to vulnerable Texans - many of them children - who fall into the coverage gap or lost their jobs/health insurance due to COVID-19. I also believe that access to and the cost of women’s healthcare have been harmed by Republicans’ efforts to pass Targeted Regulation of Abortion Providers (TRAP) laws in the state. I am committed to fighting to increase access to the full spectrum of reproductive healthcare.

A3. In order to curb gun violence in our state, both parties must set aside our differences and design effective interventions that could save lives. We must take steps to ensure that local and county law enforcement and courts have the resources they need to accurately report information that is required to be incorporated into the National Instant Criminal Background Check System. We also must fight and advocate for universal background checks and extreme risk protection orders, aka red flag laws.

A4. Since my first election, affordability has been my highest legislative priority. Thousands of my constituents are struggling to afford shelter while making ends meet as their property taxes or rent continue increasing at a rate that their incomes have failed to match. I passed the Homestead Preservation Act in 2003 and I intend on updating the statute in 2021 to restore Austin’s ability to use this powerful tool. I also plan on continuing my work to provide Texans with equitable tax relief.

Pat Dixon (L)
Background: I served on city council in Lago Vista TX for 2 terms. During my 10 years as chair of the Libertarian Party of Texas, I participated in the state legislative process.
Education: Miami University, Oxford OH, 1987 graduate
Website: http://Logic14.org
Facebook: https://www.facebook.com/patdixonlogic14/
A1. Years ago, the Libertarian Party of Texas presented a very reasonable proposal to address this (https://www.constitution.org/reform/us/tx/redirect/pr_03701.htm). It would utilize existing resources of the Texas Legislative Council to produce compact and non-partisan district maps. It gained some media attention, but with Republicans and Democrats in office there was little chance of progress. It will take a senator outside of the Republican and Democrat parties to change this.

A2. I do not have specific legislation to offer. I would enter the senate seeking common ground and common sense. There are no candidates in the race that have expertise in this area of policy. It is important as a representative of the people to listen to those that have the expertise and to deliberate with fellow senators. We have constraints within the Obamacare system. I certainly expect there will be efforts for Medicaid expansion. I prefer free market approaches.

A3. The short answer is I don’t know. I will admit that like most people in the United States, I don’t have the perfect answer. While violent crime has been declining in Texas, the tragedies that have occurred cannot be ignored. It is clear the United States is an outlier in violence in contrast to comparable counties. Governor Abbott offered red flag laws, but the concern was a lack of due process for the accused. I do support the right to defend yourself and use guns for hunting and sport.

A4. My campaign won’t do this. Traditional campaigns make promises in exchange for political support. I am not offering a list of promises made to special interest groups. I will not have an inflexible platform listing my solutions to every issue. As I have done in elected office previously, I will listen and look for common ground and common sense. My platform is one word: LOGIC.

Waller Thomas Burns, II (I)
Background: Asst. US Attorney, 1967 Houston; Tourist business, ranch in Kenya, Africa; Asst. Dir. of Admissions Rice Univ.; Small business owner, Ground Control: T-shirt, nightwear design
Education: St. John’s High School, Houston TX; University of the South, Sewanee, TN, BA in English, 1961; University of Texas Law School, Doctor of Juris, 1967
A1. I don’t know enough to comment.

A2. Try to stay out of hospitals. Use the Austin Regional Clinic. They have fine doctors and if a specialist is needed they will recommend one.

A3. Background check for everyone - pistols and rifles.

A4. A proclamation by all TX Senators (hopefully 100%) to get all troops out of Afghanistan. What if Texas started a national movement called “We the People” to get out. It would be much like all the “We the People” did to get out of Vietnam. Pres. LBJ did not run for a 2nd term because he sent in more troops. He knew he would lose. If enough state legislatures were in favor of getting out it would certainly be important in a presidential election.

Jeff Ridgeway (I)
Background: Practicing physician in Austin for 14 years
Education: Wake Forest University and the Medical College of Georgia
Website: http://www.RidgewayforTX.com
Facebook: https://www.facebook.com/RidgewayforTX/
A1. While redistricting is important, I feel that a bigger issue involves reforms to allow independent candidates such as myself to have easier access to elections. For a special election such as this one, the bar is quite low to get on the ballot. However, for general elections it can be very difficult. In particu-
**STATE TEXAS SENATE**

**DISTRICT 14 SPECIAL ELECTION**

Jeff Ridgeway (I) (continued)

lar, I would like the state to allow petitioning for candidates to be done online rather than in person.

A2. My background is in medicine, so this is an issue I am focusing on. Right now the main concern is over access to healthcare resources during the COVID-19 outbreak. In particular I would like to enact legislation to make sure that all Texans have access to a potential vaccine if and when it becomes available. I would also like to make sure that testing for the virus can be performed regardless of insurance or financial status.

A3. Don’t be fooled by politicians claiming they are going to take guns away from Texans. The best way to curb gun violence in our state is to ensure enforcement of gun laws that are already on the books and improve our mental health infrastructure.

A4. The single major issue affecting our state right now is the COVID-19 pandemic and the reopening of our economy. My own feeling is that businesses are going to start to reopen, and any plans to try and close them again are not going to go well. We should therefore be focusing our resources on making sure our hospital systems are prepared for increased cases, our front line healthcare workers and first responders have the equipment they need, and our economy can get back on its feet.

**STATE TEXAS HOUSE OF REPRESENTATIVES**

Q1. What changes do you support, if any, to ensure fair and impartial redistricting?

Q2. What legislation would you support to address access to and cost of healthcare?

Q3. What do you recommend to curb gun violence in our state?

Q4. What other issue is your highest legislative priority and what do you propose to address it?

**DISTRICT 47**

Justin Berry (R)

**Background:** Highly decorated with 13 years of law enforcement experience as a front line officer and current Vice President of the Austin Police Association and former PAC Board member.

**Education:** B.A. in Criminal Justice from Sam Houston State University; M.S. in Leadership & Management from Sam Houston State University; Master Peace Officer

**Website:** http://www.berryfortexas.com

**Facebook:** http://www.facebook.com/Berry4TheHouse

A1. We are a representative democracy, and I believe our citizens should be able to participate in this process. I support full transparency in our redistricting process. Our Legislators should allow citizens to comment on the process. Our Legislators have a duty to create fair maps that represent all Texans.

A2. I would support full transparency in medical and prescription costs. I would support voluntary health coops that assist the uninsured in a truly affordable and health care system. I would also help in passing legislation in preventive health education in schools. Lastly, placing stipulations for tax payer funded medical research and technologies that do not allow for the over inflated prices to be passed on to insurance companies or patients.

A3. I do not believe that focusing on JUST gun violence is the solution, rather the greatest impact to curb violence in general is to focus on restoring the morals and values we once held. One such value was the respect and value of life. Schools no longer properly address disruptive behavior from students. Courts have failed to uphold the laws related to violent and habitual offenders. Until we, as a society address the root issue, violent and deadly behavior will continue regardless of the weapon.

A4. I want to focus on lowering our property tax burden. Texans on fixed incomes should not fear being taxed out of their home. Lowering property taxes will help renters in my district by reducing their year-over-year rent increases. Most importantly, we need to make sure our property tax money is adequately funding our schools, and preparing our students for the future. Under the current property tax system, Texans are being taxed out of their homes and our school are failing. That is not Texan.

Jennifer Fleck (R)

**Background:** 5th generation Texan, Married 23 years, 3 children, civil litigator for 15 years, General Counsel for oil & gas services co for 5 years, involved in parental rights since 2012

**Education:** 1994 BA in Accounting UT Arlington; 2001 South Texas College of Law

**Website:** http://flecktexasstrong.com

**Facebook:** https://www.facebook.com/JenniferFleckTexasStrong/

A1. I would support grouping communities with common characteristics and concerns.

A2. I would support reduced healthcare and pharmaceutical costs.

A3. Gun safety classes. Looking at common trends in shooters, i.e. fatherless homes and considering how state law has possibly contributed.

A4. My highest legislative priority would be to stop the indoctrination and degradation in the public schools and return to academics. I would prohibit graphic sex education and gender confusion and pornography in the schools and create enforcement provisions in the law that hold school districts accountable to parents and the law.

**STUDENT VOTERS**

Students may use either their parents’ address or their college address for voter registration, whichever they consider to be their permanent address. Students cannot be registered in both places. Those who will be away from the address they chose on Election Day and during early voting may request a ballot by mail from their county clerk’s office. Student voters should also know that college or university student photo IDs are not accepted at the polls and be aware of the general ID requirements.

**JOIN THE LEAGUE—BE PART OF THE SOLUTION**

Be part of a respected national, state, and local grassroots organization where individuals like you are actively engaged in creating positive change on all levels. LOCAL TRAVIS COUNTY

COUNTY COMMISSIONER

Q1. Explain how this office is important to your constituents and provide details of your plans for improvement.

Q2. What strategies will you use to ensure open communication between the county government and residents?

Q3. What are your top environmental and land development concerns and how do you plan to address them?

Q4. How will you address future transportation needs in the county?

PRECINCT 3

Valinda Bolton (D)

Background: Two term Texas state representative - HD47, nationally recognized advocate for prevention of domestic violence and sexual assault, rape crisis counselor and lifelong Democrat

Education: I received a Bachelor of Arts degree in Psychology from Baylor and Master of Science in Human Development and Family Studies from Texas Tech

Website: http://www.votevalinda.com
Facebook: http://www.facebook.com/ValindaBoltonforTravisCC3

A1. The wide range of services the county provides are essential to health and wellness. The next commissioner will face a difficult budget with the tax revenue caps imposed by the legislature. I will work to make sure we continue to provide all of our essential services, protect vulnerable citizens and county workers’ pay and working conditions. We must do more with less, reform our criminal justice system, conserve land and water, and fix our utterly dysfunctional transportation system.

A2. When I was in the legislature I put a premium on constituent services, which I felt was as important as any part of my legislative agenda. I will bring that same commitment to my role as County Commissioner. I will keep an open door policy to make sure that I am accessible at all times. I believe that having input from stakeholders who would be affected by commissioner’s court decisions is a good way to keep constituents happy and is also the best way to make those decisions correctly.

A3. The pressures of growth threaten long term water security and exacerbate dangers from flood, fire and drought - inevitable considering our climate crisis. While pursuing affordability we must conserve entire watersheds & increase public lands. The County is insufficiently prepared for disaster - isolated developments are not capable of being evacuated safely. To increase our capacity for land use planning I would support Travis County pursuing county land use authority in our legislative agenda.

A4. Travis County roadways are operating beyond their capacity causing gridlock, human misery and death. We must act decisively to decrease traffic congestion by alleviating choke points and by reducing total vehicles using our roads. We must participate in regional transit planning and invest heavily in shuttles, park and ride, and a multi-modal trail system for Travis County (a transportation system other metro counties in Texas have.) We can leverage toll funds to invest in trails and transit.

Ann Howard (D)

Background: I served as Executive Director of the Ending Community Homelessness Coalition (ECHO), an alliance of over 50 governmental and non-profit groups dedicated to homelessness.

Education: I entered the University of Texas in 1981, where I earned a Bachelor of Arts, a Master’s of Public Affairs degree, and Juris Doctorate from the Texas Law School.

Website: http://www.annforcommissioner.com
Facebook: http://www.facebook.com/AnnforCommissioner/

Video: https://youtu.be/jbNWOT2iCAE

A1. I decided to run because Travis County deserves a leader who is an innovator and a collaborator. The 3.5% revenue cap imposed on counties by the state, unfortunately, doesn’t lower taxes in a meaningful way. Instead, it reduces the quality of essential services voters depend on and blocks our ability to manage growth effectively. I will work to ensure our priorities are not compromised.

A2. Effective two-way constituent communication will be critical to my office. To provide proactive opportunities for constituents to engage, I will use multiple strategies, including constituent management software, constituent meetings, correspondence protocols, community forums, and various media and social media programs.

A3. As Commissioner, I will protect our open spaces and water resources. The Colorado River is the sole source of water for many. I will take a leadership role in state water-supply planning efforts. Travis County has a history of flooding - and the frequency is increasing, thanks to climate change. Travis County must adequately engage in flood mitigation planning. Great work has been done through the use of conservation easements to protect our lands - and more should be done.

A4. We must play a leadership role at regional planning entities to leverage our strengths at the state and federal levels. Too many of our roads continue to be dangerous, and it takes too long to get to places we need to go. Roads will play a vital part in protecting our communities as people move into the Wildland-Urban Interface, placing more homes at risk of wildfire than ever before. We need to make sure that in the event of an emergency, we can move people out of neighborhoods to safety.

JUDGE, COUNTY COURT AT LAW

Q1. What would be your greatest strengths as a judge?

Q2. Explain how this office is important to your constituents and provide details of your plans for improvement.

Q3. How would you ensure that all individuals who enter your court receive equal opportunities for justice?

COURT AT LAW NO. 4

Margaret Chen Kercher (D)

Background: Criminal defense attorney protecting the rights of the accused with a focus on helping those who cannot afford a lawyer. DWI Court & Phoenix Court attorney. Proud mom of 3.

Education: J.D. from Baylor Law School. Notes and Comments Editor, Baylor Law Review. B.A. in Government and Philosophy with high honors from the University of Texas at Austin.

Website: http://www.margaretforjudge.com
Facebook: http://www.facebook.com/margaretforjudge/

A1. I’ve dedicated the last decade of my career to breaking the cycle of incarceration
LOCAL TRAVIS COUNTY

COURT AT LAW NO. 4

Margaret Chen Kercher (D) (continued)
and ensuring my clients, many of whom cannot afford a lawyer on their own, receive equal access to justice. I have extensive experience practicing in this court on family violence, protective orders, and other matters that regularly come before it. I will use my experience to eliminate the backlog of cases in Court #4 and prioritize rehabilitation and treatment options for drug, alcohol, or mental health cases.

A2. This court has the longest backlog of cases of any misdemeanor court, preventing justice from being served. Lack of a speedy trial impacts employment, housing, and safety concerns. We need a more productive pre-trial process and to uphold current law around timelines for each side to be ready for trial. I will also work to systematically transfer all non-intimate cases to the other courts and advocate to make treatment and counseling more financially accessible.

A3. As the daughter of immigrants and an attorney for indigent clients, I understand the barriers that exist in the justice system and the need for systemic change. I’ve demonstrated a commitment to justice through my work as a criminal defense attorney and by volunteering to help immigrants in detention centers. County court judges deal with misdemeanor offenders, who often need treatment and services rather than incarceration. I would work to break the cycles of abuse and recidivism.

Dimple Malhotra (D)

Background: I have worked in the field of family violence for 20 years as an advocate, staff attorney at a shelter, and chief prosecutor of the family violence unit at the DA’s office.

Education: In 1994, I graduated from the University of Texas at Austin with a degree in Sociology and Government. In 1997, I graduated from the University of Texas School of Law.

Website: http://www.judgedimple.com
Facebook: http://www.facebook.com/Judge-Dimple-Malhotra-County-Court-at-Law-4-107098254062936/?modal=admin_todo_tour

Video: https://youtu.be/JO2_1WD4oAs

A1. County Court 4 is a domestic violence court. I understand the complexities of these cases and the dynamics involved. I have the tools necessary to identify cases in which the risk of lethality is high, thereby enabling me to make accurate determinations about bond amounts and bond conditions. My trial experience has given me extensive knowledge of statutes and laws directly relevant to DV issues. Most importantly, I understand that DV is an epidemic that affects every member of our community.

A2. Approximately 4,000 misdemeanor family violence cases are filed in County Court at Law 4 every year. It is important that the docket move efficiently but not at the expense of justice. I have already implemented changes in this court to reduce the backlog of cases. I have started the process of transferring all non intimate partner cases out of this court to other county trial courts. I have also added additional jury dockets so that more cases are able to be tried in a timely manner.

A3. I believe a judge is the front line of justice. Everyone impacted by domestic violence, including the accused, deserves a judge who has been in the trenches, who understands the complexity of these cases, who embraces that justice can take many forms, and who can balance passion with the necessary impartiality demanded by fairness. As a judge, it is imperative that I evaluate each case independently and fairly, and that cases are heard without unnecessary delay.

DISTRICT ATTORNEY

Q1. Explain how this office is important to your constituents and provide details of your plans for improvement.

Q2. How will you manage your office in a way that will promote fairness and efficiency?

Q3. How can you improve the relationship between your office and law enforcement, victims, and other stakeholders?

José Garza (D)

Background: I started my career as a Public Defender, served in the Obama Administration, and currently serve as the Executive Director of the Workers Defense Project.

Education: BBA UT Austin 1970 major in Accounting; JD UT School of Law 1972

Website: http://www.joseforda.com
Facebook: http://www.facebook.com /Joseforda/
Video: https://youtu.be/TJkrvmRE2Nk

A1. The job of the District Attorney is to keep our community safe and protect our most vulnerable. In Travis Co., our most vulnerable include survivors of sexual assault, people struggling with substance abuse, and working people who are only sitting in our jail because they can’t afford to pay bail. When I am elected DA, we will build a system that lifts up working people and people of color, where substance abuse is treated like the public health crisis that it is, and where women are believed.

A2. As District Attorney, my office will prioritize transparency. Providing clear, consistent, and reliable data will enable our office to work with the Travis Co. community and ensure that our criminal justice system works for everyone. Right now, our system weighs most heavily against working class people and people of color. It doesn’t have to be that way. Providing clear, consistent, and reliable data to the public will promote a criminal justice system that is fair and efficient.

A3. Right here in Travis Co., our criminal justice system is broken. It weighs most heavily against working class people and people of color and for too long, it has ignored the needs of crime survivors. That has eroded the relationship between law enforcement, victims, and other stakeholders. When I am elected DA, we will improve these relationships by using our resources to investigate and prosecute powerful actors who have harmed the public and by prioritizing the needs of crime survivors.

Margaret Moore (D)

Background: Former Travis Co. Juvenile Public Defender; Asst. D.A.; elected County Attorney; County Commissioner Pct. 3; Asst. Attorney General for State of Texas

Education: BBA UT Austin 1970 major in Accounting; JD UT School of Law 1972

Website: http://margaretforda.com
Facebook: http://www.facebook.com/MargaretForDA/

Video: https://youtu.be/rUHWl4vqStc

A1. From Day One my mission was to reform the Criminal Justice System in Travis County. We’ve created new Diversion Programs; the County’s first Adult Sexual Assault Unit to increase prosecution and better help survivors; the Family Violence Unit to crack down on domestic abuse, and formed the first Civil Rights Division to address police violence and discrimination in the criminal justice system. We are building on those reforms and expanding those efforts.

A2. As part of my reform program, I have established good management that efficiently uses tax dollars to focus on high priority violent crimes, captures data to demonstrate the effectiveness of our programs, increases diversity within our office, and examines the fairness of our case handling and...
**LOCAL TRAVIS COUNTY**

**DISTRICT ATTORNEY**

**Margaret Moore (D) (continued)**

Dispositions. I created a Director of Diversity & Community Engagement to work on projects such as an Expunction Expo to give people a second chance by expunging their criminal records.

**A3.** I am deeply committed to reforming these relationships. We have established and participated in numerous groups with those goals: the Criminal Justice Coordinating Committee, the Interagency Sexual Assault Team, the Reentry Roundtable, Psychiatric Stakeholders, Behavioral Health Advisory Group, the DA’s Civil Rights Advisory Council, the Jail Population Management Group, Center for Child Protection Board, Child Fatality Review Team, Victim Services Council, Central Texas Crisis Mgt. Team etc.

---

**COUNTY ATTORNEY**

**Q1.** What do you see as the most important function of the Office of the County Attorney?

**Q2.** What three areas in the County Attorney’s office need improvement and how will you address these issues?

---

**Laurie Eiserloh (D)**

**Background:** 1st Chair Trial Lawyer, hundreds of cases; restored AIDS funding in TX; sued Greg Abbott over SB4; wrote laws against hate crimes; won same-sex benefits for City employees.

**Education:** J.D., UT School of Law, 1990; Board Certified by TX Board Legal Specialization in Personal Injury Trial, and Labor & Employment Law; B.A. with Highest Honors, UT Austin, 1986

**Website:** http://electlaurie.com

**Facebook:** http://electlaurie.com

**Video:** https://youtu.be/rTP1gKpXUYc

**A1.** The County Attorney supervises 230 lawyers & staff on thousands of cases; advises Travis County elected officials regarding duties; obtains protective orders for domestic violence victims; & obtains involuntary commitments for the mentally ill. I’m a Progressive Democrat, & I’ll use my experience as an attorney & reformer to protect workers; stop the backlog of domestic violence cases in Family Court; expand diversion & specialty courts; reject cases with police bias at the outset; have representation for defendants 24-7; make expunction available to all who qualify; separate bond review from plea agreements; continue to reform cash bail; and more.

**Delia Garza (D)**

**Background:** I am the first Latina elected to the Austin City Council. I’m a mom, a former Austin firefighter, a former Assistant Attorney General, and an occasional runner.

**Education:** I’m the proud product of K-12 public schools. I received my undergraduate degree from Texas A&M University and my J.D. from Gonzaga University School of Law.

**Website:** http://votedeliagarza.com

**Facebook:** http://www.facebook.com/deliagarzaaustin/

**A2.** Travis County has made progress using Diversion Courts to give people a 2nd chance & has reduced the use of cash bail. But there’s more to do: establish a Mental Health Diversion Center; stop the backlog of domestic violence cases in Family Court; expand diversion & specialty courts; reject cases with police bias at the outset; have representation for defendants 24-7; make expunction available to all who qualify; separate bond review from plea agreements; continue to reform cash bail; and more.

**SAVE TIME—USE OUR INTERACTIVE VOTERS GUIDE . . .**

At VOTE411.org, find your personal ballot and Voters Guide information for the candidates. Don’t see a question that meets your burning need? Candidate campaign websites on VOTE411.org make it easy to delve deeper too. Make your decisions, then print them out to take with you to the polling place. Remember, no mobile devices are allowed in the voting booth, but printed Voters Guide info is.
NEW VOTING SYSTEM

There is a new voting system in place for Travis County and Williamson County elections. Both counties are now using an ExpressVote Ballot Marking Device (BMD), which uses touch-screen technology but produces a paper-based ballot for tabulation. It’s modern, secure, and allows you to verify your selections before casting your vote.

For more information, please visit:
or
www.wilco.org/wilcovotes

VOTE

At check-in you will receive a blank ballot. Insert this ballot into any ExpressVote BMD. Follow instructions on the screen for making your selections. Poll workers will be available if you need assistance.

REVIEW

When prompted, print your ballot. Carefully review all the selections printed on the card to be sure it accurately reflects your choices.

SCAN

You MUST then scan your ballot into the DS200 to cast your vote. Do NOT leave the polling location with your ballot.

WHEN DO YOU NEED TO UPDATE YOUR REGISTRATION?

Your registration will remain in effect until you move or change your name. Otherwise, a new certificate will be sent to you every two years without further application on your part. If you move, it is important to update your registration because unlike your other mail, your voter registration certificate cannot be forwarded to your new address. If it gets returned twice due to an incorrect address, your voter registration goes into a suspense status. If a suspense status voter shows up at a polling location, they can fill out a statement of residence and will be permitted to vote. If a suspense status voter fails to vote in two general elections for state and county officers, the voter registrar is required by state law to remove the voter’s registration from the voter roll. If you move within the same county or change your name, you must notify the county voter registrar in writing or complete a new registration card indicating a change of address as the reason. If you move to another county or state, you must re-register by completing a new registration form for the county you will be voting in. See also the “Student Voters” box on page 9.

VOTING BY MAIL

Any registered voter may vote by mail for the July 14, 2020 election if they meet at least one of the following eligibility requirements:

- Are 65 years of age or older; or are sick or disabled (eligible for mail ballots for an entire calendar year, all others must apply before each election)
- Expect to be absent from the county during the entire early voting period including Election Day, AND provide an out-of-county address where the ballot can be mailed, AND include dates they can receive mail at the out-of-county address*
- Confined in jail, but otherwise eligible to vote

*Voters who are absent from the county because they are active duty military or because they reside overseas should complete a Federal Post Card Application. Information and forms are available from the counties or state office.

The procedure:

1. Request the application from the county, which is available for download from the county elections or secretary of state websites, or by calling or emailing the appropriate office. The application is known as an ABBM (application for a ballot by mail).
2. IMPORTANT—The application MUST be completed and received by the early voting clerk in Travis or Williamson County Elections Division office by July 2, 2020. NOTE: If you submit an Application for a Ballot by Mail by fax or email, it must also be submitted by mail and received in our office within four business days of your electronic submission.
3. Once received, the mail ballot MUST be completed and received back by the appropriate early voting clerk no later than Election Day, July 14, 2020, or postmarked on July 14 and received by July 15, or by July 20 if mailed outside the US.
The League of Women Voters encourages voters to “Be a Safe Texas Voter!” in the 2020 elections.

We fight for the right of ALL Texas voters to protect their health and be allowed to vote safely and securely in our democracy! Your vote is more important than ever before—share these tips for voting in elections safely.

Vote early!

Avoid busy polling places on Election Day. All voters who are not high risk and want to do their part to curb the virus should consider voting early. The more voters who cast their ballots early, the fewer long lines and crowds we will see on Election Day.

Vote during non-peak hours!

During early voting and especially on Election Day, vote during non-peak hours, such as mid-morning or mid-afternoon. Avoid the peak hours of early morning, lunchtime, and after work.

Vote in your home by applying to vote by mail!

Who can vote by mail in Texas is currently being determined in the courts. The qualifications are:

- 65 years or older
- Voters with a disability
- Out of the county during early voting and election day
- In jail, but otherwise eligible to vote.

One of the grounds for voting by mail is disability. The Election Code defines “disability” to include “a sickness or physical condition that prevents the voter from appearing at the polling place on election day without a likelihood of needing personal assistance or of injuring the voter’s health.” (Sec. 82.002). Voters who meet this definition and wish to vote a ballot by mail must submit an application for ballot by mail.

Center for Disease Control list of People who Are at Higher Risk for Severe Illness.

To obtain an application for ballot by mail:

- Print an application, contact your county election official for an application, or request an application from the secretary of state’s office.
- Fill out, sign, and mail to your Early Voting Clerk, county clerk or election administrator in the county where you are registered to vote.
- Applications must be received (not postmarked) by Thursday, July 2, 2020, for the July 14th primary runoff election.

Tips for filling out the application

- If 65 years or older, or disabled, voters may mark “annual application”.
- If, during early voting and election day, you are out of the county where you are registered or in jail, mark the election in which you will be voting.
- If you check “Disabled”—DO NOT WRITE IN YOUR DISABILITY.
- Sign both your application and ballot in the same way.
- Have the ballot mailed to the address where you actually are located.
- Include your contact information in case there is a problem with your application.

THE VOTE BY MAIL BALLOT MUST BE AT YOUR COUNTY ELECTION OFFICE BY ELECTION DAY, JULY 14, 2020.
Volunteer with your county election department!

Counties need more trained poll workers and election judges to cover absences and prevent the closure of polling places. Ensure your county election officials use The Center for Disease Control (CDC) Recommendations for Election Polling Places.

Update your voter registration!

A registered voter who moves within the county may update their name or address on their voter registration online.

First time voters or voters who move to a different county must fill out a new application.

➤ Have a printer and a stamp? Type in your personal information here, then print, sign and mail it to the address on the form.
➤ No printer? No problem! You may fill out a voter registration application and have it mailed to you at register2vote.org.
➤ Please remember, Texas does not have a modern online voter registration system.
➤ For more information, go to LWVTexas.org

VOTE411.org

The League’s nonpartisan election website VOTE411.org is a personalized voting information hub where voters can check their registration, find their polling place, see what will be on their ballot, and more.

Report Any Problems

Voters who encounter problems while voting should report them to the Election Protection Hotline. Trained experts are prepared to talk voters through any issues.

➤ 1-866-OUR-VOTE (866-687-8683)

CENSUS AND REDISTRICTING

THE 2020 CENSUS IMPACTS REDISTRICTING IN TEXAS!

What Is the Census, and How Does It Impact You?

➤ The Census is a count of all persons living in the U.S. It is conducted every 10 years by the federal government, and it is mandated by the Constitution.

➤ Resources for the Community: We track changes in our population in order to know where to send resources and federal services. Census data is used to distribute over $800 billion in federal funds annually. States use this money to pay for services and programs that are absolutely vital to the community, such as healthcare, highway funding, and education. Each person counted in your community means additional federal dollars in your community.

➤ Basis for Representation: These population changes also have an effect on our democracy. The Census count is used to determine how many seats each state gets in Congress and how district lines are drawn at every level of government.

➤ Community Development: Census data impacts planning and development in your community. It guides decisions on where to build businesses, subdivisions, schools, and roads. It is used by healthcare officials to plan resources and appropriate care for the surrounding population.

When Will the Census Be Conducted?

Starts: March 2020
Ends: December 2020

How Can People Complete the Census Questionnaire?

➤ Online
➤ Over the phone
➤ The paper form
➤ Or, by responding to a Census worker at your home

Go to my2020census.gov for more information or to take the census online.

Are Census Responses Confidential? Yes.

➤ All Census data are protected by federal law to be kept confidential for 72 years.
➤ The Census Bureau cannot share data with any other federal agency.
➤ All Census Bureau employees swear to a lifetime oath to protect respondent information and will be fined $250,000 and/or face up to 5 years imprisonment for wrongful disclosure.

“IT IS YOUR RIGHT TO BE COUNTED! FILLING OUT THE FORM IS FAST, EASY, AND SECURE.”
—GRACE CHIMENE, PRESIDENT, LEAGUE OF WOMEN VOTERS OF TEXAS

REDISTRICTING—NEW DISTRICT MAPS TO BE DRAWN AFTER 2020 CENSUS

Once we know how many people live in Texas, the state legislature will start the redistricting process and redraw the boundaries of the state legislative and congressional districts so that they are equal in population. These election maps will be used for the next decade.

Because of partisan gerrymandering, the way the district boundaries are drawn determines the power of your vote. The boundaries determine how you are represented, which other communities are included in your district, and ultimately, who will be elected to represent you. Those elected officials then go on to make important decisions that impact you and your family on a daily basis, such as the quality of the air you breathe, the quality of your child’s school, and how much you pay in taxes.

What Can You Do to Influence the New District Maps?

The Legislature has already begun the process for the 2021 redrawing of state and federal legislative districts. In the fall of 2019, the Texas House Redistricting Committee started holding Public Input Hearings for the 2021 redistricting. The Texas Senate Redistricting Committee will hold hearings in 2020. (Schedules have changed due to COVID-19; check websites below for updated information.)

Public comments at the committee hearings will be used to assist the Legislature when it draws district boundaries.

Public Input Hearings Schedule

You are invited to attend a local public hearing to let your state legislators know your concerns, where your community is located and encourage them to conduct a transparent process. You can find guidance for how to testify on the League webpage, see below.

If you are unable to attend a hearing and would still like to provide testimony, you may email or call legislators on the Redistricting Committee. A list of committee member information can be found here: http://bit.ly/2KrYk0N

The League of Women Voters of Texas, working with Fair Maps Texas, is providing training in advance of many of the hearings.

More Information:

The League of Women Voters of Texas: https://my.lwv.org/texas/advocacy -issues/redistrictingcensus
Fair Maps Texas: https://www.fairmapstexas.org/
The Texas Legislative Council: https://redistricting.capitol.texas.gov
Texas Legislature’s website: https://capitol.texas.gov

Founded by suffragists in 1919, The League of Women Voters of the Austin Area is a nonpartisan, all-volunteer, political organization striving to Make Democracy Work.

Join Us

Membership is open to everyone at least 16 years or older. Annual dues are $60 per person, $90 for two people in the same household, and only $5 for high school and college students.

Become a Sustaining Household for $150 or Sustaining Individual for $100.

For more information, please visit LWVAustin.org/join-us/

Volunteer

Our exciting group is on the front lines of voter engagement. LWV-AA volunteer deputy registrars (VDRs) and others promote voter registration and work on getting people to the polls. We conduct candidate forums. We develop voter education campaigns and materials. Most importantly, we produce the Voters Guide for Travis and Williamson counties.

Donate to the League

Because we are an all-volunteer organization, your support goes a long way in helping us to

- Register eligible voters
- Produce a nonpartisan Voters Guide every election season
- Host informative Candidate Forums and promote voter education
- Fund programs like First Vote! offering high school students voter registration and civic education
- Advocate at the local level to Empower Voters and Defend Democracy

LWV-AA is a 501(c)3 organization. All donations to LWV-AA are tax-deductible to the extent permitted by law.

For more information, please visit LWVAustin.org/donate/
